

**MOTION BY SUPERVISOR MOLINA**  
**August 29, 2006**

**Agenda No. 32**

Some of our County managers received stipends from outside agencies to subsidize their existing County salaries. In some instances, these arrangements were made by County department heads. I believe that the current County salary levels are sufficient and appropriate for most County managers. I also believe that, except for those Museum employees whose supplemental salaries are covered under County Code Section 5.44.30, any means to subsidize the County compensation level for a manager by an outside agency should be revealed and understood prior to such benefit being enacted, and formally approved by the Board of Supervisors.

**I, THEREFORE, MOVE THAT** the Board of Supervisors require that, excluding salary supplements covered under 5.44.30 of the County Code, existing and/or future stipends be immediately reported to the Director of Personnel detailing the amount and conditions under which the stipend is being paid.

**I, FURTHER, MOVE THAT** the Board of Supervisors formally approve all existing and/or future stipends.
